

■ Pressure Switch

■ Type Of Auto Reset

▶ Description

One of the major components that make up the automatic fire extinguisher, When the exhaust gas Passing a release signal to the external

▶ Features

- Small, lightweight construction
- High reliability with gas pressure behavior
- Built-in auto-recovery function at the completion of the release of gas

SPECIFICATION

Model	NPS-2GG0241
Size (W x D x H / mm)	55 x 115 x 32
Operating Pressure	0.2MPa
Use Temperature	-10℃ ~ 60℃
Contact Capacity	DC 24V / 2 A
